**WITH THE
TAKA PROGRAM
IT IS POSSIBLE!**

Taka is a unique program, run by the Israel Student Authority, for students olim who wish to prepare themselves the best way possible for their academic studies in Hebrew in Israel. We invite you to participate in a program that focuses on improving your academic Hebrew and English level necessary for a successful academic experience in Israel.

We encourage potential students to complete the TAKA program prior to their academic studies since institutes in Israel have raised the admission requirement for Hebrew as well as the grade for receiving exemption in Hebrew.

STUDENTS WHO DID IT!

TALIA – USA – TAKA JERUSALEM: "I made friends from all over the world. Together, we were new Olim, young adults, who often worked together to start our lives in Israel. I recommend the course!"

RODRIGO – BRAZIL – TAKA JERUSALEM: "The group of students is very interesting since it has people who have academic background and yet are young, many interested in pursuing higher education. There are number of activities, trips, vocational orientation and short trips journeys through Israel, which provides integration and help with the absorption." (M.A. degree in Education in Israel)

ELIZAVETA – RUSSIA – TAKA TEL AVIV: "TAKA is a program suitable for those who want to learn Hebrew quickly and are willing to invest hard work to achieve this goal. The teachers were excellent, the lectures were interesting, and all the studies were in Hebrew. You have to study hard, but it's worth it!"

MANDY – MORROCO – TAKA ASHKELON: "TAKA allowed me to find my way socially and professionally. The TAKA framework made me discover my story, my past and thus allowed me to imagine my future in Israel. TAKA is more than just Hebrew lessons; it's a social experience we take with us for life. TAKA is the friends of aliyah who became family, it's a staff of teachers that we follow all along, TAKA is where everything started for me ..." (LL. B in Law in Israel).

As an additional service, the TAKA program offers its students to take the Yael and AMIRAM tests (academic Hebrew / English proficiency tests)

a **\$65** value per test – free of charge.
