

Ein Gedi Company Announcement

Ein Gedi Mineral Water Company announces that some two-liter bottles sold in six-packs are suspected of containing pseudomonas aeruginosa bacteria. The suspected bottles' production dates are:

- Production date: 1.8.12 Expiration date: 1.8.13
- Production date: 2.8.12 Expiration date: 2.8.13
- Production date: 3.8.12 Expiration date: 3.8.13

The company is recalling the bottles from the market.

The company requests anyone who is in possession of bottles from these production dates, **do not to consume them** and to contact the customer service center at 1-800-701-701 in order to get the bottles replaced.
