In accordance with the government’s announcement regarding the closure of the Holot facility within 3 months, the Population and Immigration Authority calls on infiltrators from Sudan and Eritrea, to voluntary leave Israel to their country or to a third country.

Infiltrators who leave Israel by the end of March 2018 will receive

A GRANT OF $ 3,500

✔ Payment of airfare ✔ Assistance in arranging travel documents

At the end of the said period the grant amount offered will be decreased for all infiltrators residing in Israel illegally. Enforcement actions will be taken against those infiltrators to which the Population and Immigration Authority allotted a period of time to leave the country, and did not leave. Enforcement actions will also be taken against their employers. Asylum requests submitted after January 1, 2018 will not postpone the demand for the infiltrator’s departure to a third country. Should the infiltrator leave to a third country, his asylum request will be transferred for continued handling accordingly.

Please contact the Assisted Voluntary Return Department, located at 68 Mivtza Kades street in the city of Bnei Brak
