

Weekly Restricted Report: Anti-Israel Protest Forecast, February 27-March 5

דו"ח שבועי מוגבל - צפי הפגנות אנטי-ישראליות, 27 בפברואר - 5 במרץ

- As the holy month of **Ramadan** began on February 18, the coming weeks may be characterized by **heightened tensions between Israeli authorities and the Palestinians**. Such developments may also contribute to a **broadier rise in anti-Israel sentiment and antisemitic activity globally**, extending beyond events within Israel and the Palestinian territories.
- The following outlines significant protests, categorized as **Extreme, High and Medium risk**, identified by our sources, and are anticipated to take place in the coming week.
- לאור תחילתו של **חודש הרמדאן** ב-18 בפברואר, השבועות הקרובים עלולים להתאפיין **במתיחות מוגברת בין הרשויות הישראליות לאוכלוסיה הפלסטינית**. התפתחויות אלה עשויות לתרום גם **לעלייה חדה יותר בסנטימנט אנטי-ישראלי ובפעילות אנטישמית ברחבי העולם**, מעבר לאירועים המתרחשים בישראל עצמה.
- להלן פירוט ההפגנות המרכזיות, המסווגות ברמת סיכון בינונית עד גבוהה מאוד, כפי שזוהו על ידי מקורותינו, אשר צפויות להתקיים במהלך השבוע הקרוב.

Risk Level Methodology

We define risk levels based on an assessment of a number of factors that may lead to potential harm to Jewish/Israeli communities/assets, such as **proximity to Israeli assets, location in major cities, the organizing group's history of violence, the tone of rhetoric surrounding the protest, and online engagement levels** (e.g., post likes).

Risk levels range from:

Low: Potential for minor disruptions/press coverage.

Medium: Potential for minor violence/major disruptions.

High: Likely to involve violence.

Very High: Likely to see significant violence causing serious injury.
